

## Green City Vision in Arab Society Communities

Above the invitation, studying tour on Porte building for environmental studies

Unique event with participation of students for environmental studies, teachers at Kafr Qassem, academics, NGO representatives, Arab media

With the Journalist Iman Qassem (right). Mrs. Qassem conducted the discussion panel on 'How to lead civic change on the Arab municipalities', what is our role in leading sustainable change?

The conference took place at Porter School for Environmental Studies, TAU, on 20th July 2016. The conference was held in frame of the AEJI program with cooperation of Porter school "Arab Students are leading change on Arab Communities" 2016. 98% of the participants are women
